## CERTIFICATIONS

**2022:** Frontend Developer Cybersoft

## ADDITIONAL INFORMATION

- Can read Document and Requirements fast and efficiently.
- Always has an urge in researching and learning efficient ways to approach the problems.

## OBJECTIVE

With 4 years of university education and nearly 1 year of Front-End study at Cybersoft, i am very much looking forward to becoming a Front-End Developer. Having a solid knowledge of HTML, CSS, JAVASCRIPT, REACTJS, TYPESCRIPT and other skills that i hone daily. In the next year, I want to become a full-fledged developer on the way to work and accompany the company which can help me develop myself as well as contribute a lot to the development of the company.
